### Hauling Molasses;

### Other River News

The hull of the steamer Ferd Herold, which was recently dismantled of her machinery by a job done by a boat on the ship for that purpose, is now in use by the Sugar Products company as a barge for hauling molasses out of New Orleans to other points on the Mississippi. She is being used to haul molasses from the plant of the Lee line and was sold in February of the last dealer, who in turn sold her to the Sugar Products company.

VICKSBURG TO VOTE ON \$625,000 BOND ISSUE

VICKSBURG, Miss., July 26. (Sp.)—Vicksburg will have an election in September to determine whether the municipality shall issue improvement bonds to the amount of \$625,000. Of this amount \$125,000 is for street paving, \$125,000 for the erection of a schoolhouse and \$375,000 for paying the bonds. The city government will build a \$500,000 federal government building, but this will be for the government and not for the city.

The matter of holding the bond election was decided yesterday afternoon at a meeting of the mayor and city commissioners at the request of the officers and directors of the board of directors. It is proposed to secure authority to issue the bonds in this election, and the board is ready for issuance when the bond market is propitious, and the cost of material is reduced. It is probable the bonds will bear six per cent interest.
